

Backed by our ChilledDoor®; and Coolant Distribution Unit (CDU) technology, our Modular HPC Data Center can accommodate power densities of up to 75 kw/rack in air cooled systems and 150 kw/rack for modern liquid ...

Galaxy VS is a highly efficient, modular, easy-to-deploy 20 to 150 kW (480V), 10 to 150 kW (400V), and 10 to 75 kW (208V) 3-phase UPS that delivers top performance for data centers and critical infrastructure in ...

SMART SOLUTIONS REFERENCE SUMMARY Solutions Design 150kW 11 Racks with Containment ... Performance Highlights SmartAisle™ technologies result in a superior PUE performance and substantial ...

The Amphenol Network Solutions Data Center Rack is the ultimate rack solution for core data center equipment. Amphenol data center racks provide a seismic certified, highly durable and versatile platform for mounting ...

Managing the heat, delivering sufficient power, optimizing limited space, and navigating the operational complexities of a 150kW rack require a fundamentally different approach to data center design ...

Eaton's SmartRack modular data centers combine IT rack, cooling and service enclosures to create an optimized data center solution designed for critical IT equipment with up to 150 kW of equipment ...

SmartRack®; Modular Data Centers are composed of an IT rack, AC unit and service enclosures that together form a performance optimized data center that enables easy configuration and maintenance.

RakworX, a trusted partner for VARs, Resellers, Low Voltage Contractors, and IT Consultants in the data center industry. With extensive experience, competitive pricing, and manufacturer-direct service, we're here to boost ...

Eaton's SmartRack®; Modular Data Centers address this growing demand with IT rack, cooling and service enclosures that form a performance-optimized data center, or POD.
