

We are professional manufacturer of solar systems, providing complete solar programs of off-grid, on-grid/grid-tie and hybrid power storage systems for partners around the world.

Discover the SRBOX-200, a high-voltage battery storage solution with up to 200 kWh capacity, ideal for energy storage needs in diverse applications.

Unmatched Power Generation: Discover unparalleled energy efficiency with our 200kW all-in-one solar energy system. Designed to revolutionize power generation, this system harnesses the abundant energy of the sun ...

Unmatched Power Generation: Discover unparalleled energy efficiency with our ...

Perfectly suited for outdoor deployment, the ESS-100-200kWh offers a smart and integrated management solution, providing dependable and efficient energy storage capabilities.

As the world moves toward sustainable energy solutions, the introduction of 200kW battery storage systems in containerized formats is becoming increasingly significant. This innovative technology is reshaping how ...

The 200kWh Solar Power Industrial Container System incorporates multiple layers of safety features, including overcharging protection, temperature regulation, and robust containment structures to prevent any ...

Discover our 200kw solar containers, perfect for energy storage and industrial applications. Durable, efficient, and reliable solutions for your needs.

The C& I ESS Battery System is a standard solar energy storage system designed by BSLBATT with multiple capacity options of 200kWh / 215kWh / 225kWh / 245kWh to meet energy needs such as peak shifting, ...

The outdoor cabinet-type photovoltaic storage system, boasting a power rating of 100kW/200kWh, seamlessly amalgamates energy storage batteries, PCS, power distribution, temperature ...

Each system is constructed in an environmentally controlled container including PCS, fire suppression, STS, HVAC and MPPT. Each complete system offers users a hassle free service life and holds internationally ...
