

In data centers running 100kW+ racks, lighting isn't just about visibility--it's about survival. LEDs overheat. Shadows kill maintenance efficiency. Heat maps warp. Here's what ...

The company recently said that its first data centers with AI-optimized designs are slated to come online in 2026, and will "blend high-performance and flexibility with a mix of custom ...

This guide provides an overview of best practices for energy-efficient data center design which spans the categories of information technology (IT) systems and their environmental conditions, data center ...

As the power density of individual cabinets exceeds 20kW, 30kW, and even higher thresholds, liquid cooling technology has become the core solution for achieving efficient heat ...

Combined with the company's 480V Edge power architecture, OmniOn can now provide a comprehensive offering for global data center companies, regardless of region or available AC ...

The Vertiv(TM) SmartRow(TM) 2 SR2N05020FAA2 is a 20kW, complete, row-based Edge data center solution designed for fast and efficient deployment. The unit includes (5) IT rack enclosures (1100mm ...

PRIME's Modular Data Centers are a prefabricated and efficient solution for 5G Macro Sites and Enterprise applications. The Natural Air Cooling system cuts energy costs dramatically - using 75% ...

Rakworx's All-In-One cabinet is meticulously designed for peak efficiency and functionality. It includes premium features like environmental sensors, electrical systems, natural cooling, security measures, ...

A highly engineered data center cabinet solution that delivers fast, built-to-order configurability, best-in-class strength, and scalability regardless of the application.

Galaxy VS is a highly efficient, modular, easy-to-deploy 20 to 150 kW (480V), 10 to 150 kW (400V), and 10 to 75 kW (208V) 3-phase UPS that delivers top performance for data centers and critical ...

Using sustainable materials and processes, Nexpan provides an environmentally friendly cabinet with the best-in-class airflow management solution, delivering the most energy-efficient cabinet in the ...
