

EVE Brand New Grade A LF280K 3.2 V 280Ah LiFePO4 Battery Cell With 6000 life cycles and 2C discharge rate. Individual pricing for large scale projects and wholesale demands is available.

The HIGEE LFP71173205E 3.2 V 280 Ah cell is a single-block powerhouse built for DIYers who refuse to compromise. One cell stores 896Wh of usable energy--enough to run a 30W LED camp light for ...

EVE Lithium LF280K Version 3 are the best versions of the 280K cell line, these LiFePO4 prismatic cells that can be used in various applications from automotive, backup power, energy storage and other ...

The EVE LF280K 3.2V 280Ah LiFePO4 battery cell is one of the most sought-after lithium iron phosphate (LiFePO4) batteries, known for its high energy density, long cycle life, and exceptional ...

**10 YEARS LIFE/5000+ CYCLES:** Our LiFePO4 Battery has better performance than the acid-lead battery at the same capacity, which can provide more power in daily use. All batteries are ...

EVE 3.2V LiFePO4 battery offers enhanced safety, long cycle life, high energy density, fast charging, wide temperature range tolerance, environmental friendliness, high power output, and maintenance ...

The EVE LF280K 280Ah LiFePO4 battery is built for users who need serious energy storage capacity and dependable performance. Operating at a 3.2V nominal voltage, this Grade A prismatic cell ...

With an impressive 280Ah capacity and high energy efficiency, this battery is ideal for energy storage systems, electric vehicles (EVs), and off-grid power solutions, offering long cycle life and stable ...

With a massive 280Ah capacity, this rechargeable LiFePO4 battery is ideal for solar energy storage systems, DIY powerwalls, off-grid setups, electric vehicles (EVs), and RV battery banks.
