

Are slimline cabinets IP54 or IP66?

The SlimLine Series cabinets are designed for outdoor or indoor projects and range in IP ratings from IP54 to IP66. The Slimline Range has a compact footprint which makes them ideal for smaller spaces. Designed and manufactured in Australia, the range brings a fresh modern look to energy storage.

How many lithium phosphate batteries can a Powerplus cabinet hold?

PowerPlus Energy wall mounted IP66 rated enclosed cabinet for indoor or outdoor installations. This cabinet holds up to 4xLiFe or ECO PowerPlus lithium iron phosphate batteries (LiFePO4). The cabinet comes fully assembled including battery cables, connectors, battery fastener and DC bus bar. Batteries and battery disconnect are not included.

What is IP66 IK10 rated?

IP66 IK10 rated for outdoor network, energy, and industrial applications. IP66 IK10 rated for data, communications, and industrial control systems. IP69K and IECEx electrical enclosures, pushbutton enclosures and non-metallic terminal boxes. Fans, vents, heaters, and air conditioners for reliable electrical enclosure climate control.

What is a slimline battery storage cabinet?

The second largest battery storage cabinet in the Slimline range offers homeowners the flexibility for future system expansion. The battery side mount installation allows the narrow profile to be maintained whilst eliminating the need to compromise on your power capacity.

This cabinet holds up to 4x LiFe or ECO PowerPlus lithium iron phosphate batteries (LiFePO4). The cabinet comes fully assembled including battery cables, connectors, battery fastener and DC bus bar.
