

NEMA 3R and 4X rated battery box outdoor enclosures by DDB Unlimited protect important electronics from extreme elements, climates and environments.

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoor and specifically designed to store or isolate the battery and all its accessories from the external environment.

Our outdoor cabinets with lock/hinged doors are suitable for housing multiple battery racks. The interior is air-conditioned by a cooling unit that is mounted on the side wall or door leaf.

There are many different options and accessories available, making every system unique and built to your site-specific needs. They can be constructed with batteries, battery/charger combinations, and ...
