

Qatar Electricity and Water Company (QEWEC) has announced its plans to develop a new solar power project with a capacity of 500 megawatts (MW), further reinforcing its commitment to sustainable ...

Once completed, it will double Qatar's solar power production capacity, contributing significantly to the country's renewable energy goals.

QatarEnergy has inked a deal with Samsung C& T's Engineering & Construction Group (Samsung C& T) to build a world-scale solar power facility at Dukhan, approximately 80 kilometers ...

Qatar Energy has signed a deal with Samsung C& T to build a large-scale solar power plant in Dukhan, about 80 kilometers west of Doha. It will be one of the largest projects of its kind in ...

QatarEnergy partners with Samsung in building one of the world's largest solar plants in Dukhan, expected to begin generating energy in 2028.

The plant will double Qatar's solar generation capacity, supplying up to 30% of Qatar's total peak electricity demand once complete. It will use a solar tracker system and inverters, capable ...

QatarEnergy announces that it has signed an agreement with Samsung C& T's Engineering & Construction Group (Samsung C& T) for the construction of a world-scale solar power ...

Qatar is building one of the world's largest solar power plants. QatarEnergy signed an agreement with Samsung C& T for the construction of the Dukhan solar power plant, which will reach ...

Samsung C& T E& C Group is currently executing large-scale solar projects not only in Qatar but also in Guam, while actively expanding into global markets such as Australia and Japan.

As we approach Q4 2025, all eyes remain on how this solar giant will influence both Qatar's energy mix and its diplomatic standing in climate negotiations. The real question isn't ...
