

How big is flow battery market?

Image © Mordor Intelligence. Reuse requires attribution under CC BY 4.0. The Flow Battery Market size is estimated at USD 1.02 billion in 2025, and is expected to reach USD 2.08 billion by 2030, at a CAGR of 15.41% during the forecast period (2025-2030).

What is the growth potential of the flow battery market?

This trend underscores the growth potential of the flow battery market, as these technologies become crucial in the flow battery energy storage systems market. The Vanadium Redox Flow Battery (VRFB) segment dominates the global flow battery market, commanding approximately 83% market share in 2024.

How important is the North American flow battery market?

The North American flow battery market has established itself as a significant player in the global landscape, holding approximately 8% of the global market share in 2024. The region's market is primarily driven by substantial investments in renewable energy infrastructure and favorable government policies promoting energy storage solutions.

Who are the key players in the flow battery market?

The flow battery market features established players like VRB Energy, ESS Tech, RedFlow, Invinity Energy Systems, and Dalian Rongke Power, leading technological innovation and market expansion.

Flow battery developers still face the challenge of proving bankability at scale, an essential hurdle to unlock project finance and institutional investment. One way to perhaps bypass this ...

Their work focuses on the flow battery, an electrochemical cell that looks promising for the job--except for one problem: Current flow batteries rely on vanadium, an energy-storage material that's ...

The quarterly financial results of US non-lithium battery storage startups ESS Inc and Eos highlight their commercialisation strategies.

The flow battery market has seen considerable growth due to a variety of factors. o The flow battery market has experienced strong growth in recent years. It is projected to rise from \$0.74 ...

Discover 10 emerging new flow battery companies to watch in 2026 & find out how their solutions will impact your business!

Flow Battery Market Analysis by Mordor Intelligence The Flow Battery Market size is estimated at USD 1.38 billion in 2026, and is expected to reach USD 3.88 billion by 2031, at a CAGR ...

Recent Development and News in Flow Battery Market In January 2024, in a significant strategic partnership, LG Chem and Volvo Group announced their collaboration to develop and commercialize ...

Flow Battery Market is poised for robust growth, driven by renewable energy integration and energy storage demands, achieving a 30.68% CAGR from 2025 to 2035.

The global flow battery market is projected to reach USD 719.69 million by 2029 from USD 182.20 million in 2020, at a CAGR of 20.36 % from 2022 to 2029.

We will also discuss the growth of start-up flow battery companies; how a stock exchange listing, government R& D finance and venture capital has propelled ESS Inc into the limelight. How ...

The global flow battery market is projected to reach USD 719.69 ...
