

Free solar photovoltaic panels on the roof

Can you get free solar panels on a roof?

Companies offered to pay to lease your roof from you for 20-25 years and, in exchange, would install and maintain solar PV panels on it. You didn't have to pay upfront for the panels, and would also benefit from the free electricity produced by the system. But there are very few free solar panel schemes available now.

Are there free solar panels?

But there are very few free solar panel schemes available now. The Feed-in tariff scheme closed to new applicants in 2019 and has been replaced by the much-less-generous Smart Export Guarantee (SEG) scheme, making it much less attractive to businesses to offer free solar schemes. Learn about the Smart Export Guarantee scheme.

What is a 'free' solar panel scheme?

'Free' solar panel schemes, also known as rent-a-roof schemes, used to be commonplace a few years ago. These were run by companies eager to cash in on the feed-in tariff (FIT). This guarantees payment in return for electricity generated using renewable technologies, including solar power.

Do I need legal advice if I have free solar panels?

We recommend that you get independent legal advice on the details of the contract, whether you have free solar panels or are considering solar buyback. You should consider who owns the system; what happens if you want to end the contract early; who is liable for damage; who pays for insurance, upkeep and repairs; and what happens if you move.
