

See the table below for available information we have about GCL System Integration Technology Co. Ltd. GCL-NT12R/66GDF-625 solar panels. We do our best to provide information such as the GCL ...

Technical Datas Module Type:GCL-NT12R/66GDF 625W Maximum Power (Pmax):625W Open-c...

Detailed profile including pictures, certification details and manufacturer PDF.

Better light trapping and current collection to improve module power output and reliability. The N-type module with Hot 2.0 technology has better reliability and lower LID/LETID. Excellent Anti-PID ...

Its core business focuses on the research and production of photovoltaic inverters and energy storage systems, and provides highly integrated solutions for photovoltaic storage and charging.

Higher Power Output Higher efficiency: 24.4% Lower degradation: 1 year $\leq$ 1.0%, 2 -30 year $\leq$ 0.35% Better temperature coefficient: -0.26%/  $^{\circ}$ C

Selected encapsulating material and stringent production process control ensure the product is highly PID resistant and snail trails free Large size silicon wafer module can reduce the cost of PV support ...

GCL branded modules can be used for both off-grid and on-grid applications. With high-yield efficiency and long-term performance they are ideal for utility, commercial or residential roof-top installations. ...

GCL is a Tier 1 component manufacturer, provides customers with high-quality clean energy one-stop services

Supplier highlights: This supplier mainly sells to Pakistan, Turkey, and Oman and holds product certification. They have achieved a 100% positive review rate.
