

The SmartCabinet™ enables Enterprise Class IT Infrastructure through the provision of integrated enclosure, power, cooling and service. Critically it also enables the most vital element - namely 360°; ...

SOETECK offers highly customizable cabinet modular data center designed to meet the demands of modern data centers. This series of intelligent cabinets can be paired with various types of racks or ...

The Vertiv™ SmartCabinet™ ID micro data center offers a comprehensive IT solution for demanding environments.

Smart cabinets--integrating power, cooling, security, and monitoring into a single rack--are reshaping how infrastructure is deployed at the edge.

CPI's cabinet ecosystem combines intelligent power distribution, remote power and environmental monitoring, access control and system optimization with integrated airflow management and ...

By adding an asset management system, visual management is implemented to equipment in a cabinet, cabinet capacity management is optimized, online and offline management is ...

This fully sealed micro data center offers 3.5 or 7.0 kW of scalable cooling capacity while enabling full rack utilization through an innovative zero-U design, allowing for more IT deployment in a single rack.

As data centers and their clients adopt AI and high-performance computing, they have triggered a seismic shift in the data center landscape. Consequently, data center operators must rethink things ...

ISST delivers end-to-end intelligent infrastructure solutions that power the digital economy. Through cutting-edge fiber optic networks, modular data centers, and sustainable energy technologies, we ...
