

At the heart of the LIMA® MAC generator is a patented brushless excitation system. The 3 phase, full wave rectification provides a resulting low ripple (smoother) DC source to consistently excite the ...

e motors. With 1 hp/kW across the line, there is less than a 35% voltage dip and fast recovery to rat voltage. The proportional volts/hertz characteristic with variations in shaft speed is ideal for induct All LIMA® MAC ...

A wide selection of pulleys and hubs are available for generators. Contact us for assistance in choosing the pulley and hub to match your needs.

With its heavy-duty insulation system, louvered air intake, and design simplicity, the Lima Mac can withstand even the most dust- and moisture-laden applications.
