

This manual elaborates on installation and safety use information for PV power generating modules (hereinafter referred to as module) of LONGi Solar Technology Co., Ltd. (hereinafter referred to as ...

The LONGi Solar Hi-MO 5M series, ranging from 540W to 560W, is engineered with PERC Technology, ensuring module efficiency of up to 21.7%. Specifications include various models (LR5-72HPH-540M ...

Additional Value Mechanical Parameters ... Electrical Characteristics STC : AM1.5 1000W/m² 25°C
NOCT : AM1.5 800W/m² 20°C 1m/s Test uncertainty for Pmax: ±3%

The Longi 560W Solar Panel, part of the Hi-MO 5m series (Model: LR5-72HPH), provides superior energy generation with a power output range of 540W to 560W. Built with advanced M10 gallium ...

The LONGi Solar Hi-MO 5M series, ranging from 540W to 560W, is ...

These 560W high-power panels are designed to maximize energy production and deliver excellent performance in various applications, from residential to large-scale commercial installations. ...

Datasheet LR5-72HGD 560-590M (EN) . Created Date. 8/11/2023 2:41:04 PM .

We do our best to provide information such as the Hi-Mo 6 LR5-72HTH-560M (Explorer) panel dimensions, datasheet, warranty information, wattage and more wherever possible.

Jiangsu Jingyan Energy Technology Co.,Ltd. established in 2017, is a professional exporter, specialized in the Solar Panels, inverters and solar systems. Located in Wuxi, near Shanghai, we enjoy ...

With a powerful 560W-590W output, it ensures optimal energy production. Its advanced mono PERC (Passivated Emitter and Rear Cell) technology provides efficient energy conversion, even in low-light ...

These 560W high-power panels are designed to maximize ...

Engineered for residential, commercial, and industrial applications, this high-performance panel ensures efficiency, durability, and long-term reliability. With advanced monocrystalline cells, weather ...
