

Established on May 24, 2004, Luxshare Precision successfully listed on the ChiNext Board of Shenzhen Stock Exchange on September 15, 2010 (stock code: 002475).

Luxshare-Tech is a global partner and innovative manufacturer of fully integrated, cabinet-level interconnect, thermal, optical, and power technologies--engineered to help you stay ahead of evolving data center demands.

Luxshare Precision Industry Co Ltd, a Chinese electronics manufacturer and iPhone assembler for Apple Inc, has commenced operations of a new 4.5-MW solar power system at its facility in Zhejiang ...

The solar plant, developed and financed by Emeren, features a 4 MW rooftop distributed PV system as the primary contributor to the project. In addition, there is a 0.5 MW solar PV carport.

As a leading player in the renewable energy sector, Luxshare-ICT has solidified its position as a frontrunner in the production of high-performance inverters.

An all-in-one system that contains the hybrid inverter, charge controller, and RSD, all in one package. Features include 200A grid passthrough, 250A charging/discharging, 18k PV input, smart load, peak shaving, and AC ...

By integrating solar power, energy storage, and intelligent energy management, we help unlock the full potential of green energy and drive a more sustainable energy future.

Luxshare Precision Industry Co Ltd, a key Apple supplier, has launched a new 4.5-MW solar power system at its facility in Zhejiang Province, China. The project, completed by Emeren Group Ltd, ...

Solar power serves three key roles for Luxshare: A direct decarbonization lever that reduces Scope 2 emissions at production sites. A resilience mechanism that shields operations from grid instability. ...

Luxshare can offer a wealth of expertise on solar energy. We produce a wide range of devices and components such as solar inverter, smart communication dongle, optimizer, DCDC, and BMS.
