

In a recent landmark auction, the North Macedonian government received 44 bids for battery storage projects, totaling an impressive 4.2 GW of capacity. This ambitious move is a ...

China-based Cubenergy will provide the energy storage systems while YESS Power will manage all engineering, procurement, installation, and commissioning phases. This BESS project ...

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind projects, along with investments in grid infrastructure and ...

YESS Power, together with China-based Cubenergy and under the investment of Mey Energy, is building a 60 MW battery energy storage system (BESS) that will be fully integrated with ...

Summary: Explore the leading energy storage battery companies in North Macedonia and discover how they're shaping renewable energy adoption. This guide covers market trends, key players like EK ...

The Energy Resources Regulatory Commission (ERRC) of the Republic of North Macedonia has issued the first licenses for battery energy storage systems (BESS) to Energo Solar ...

For North Macedonia to achieve its renewable targets, power lithium battery storage isn't optional - it's essential. From solar farms to industrial complexes, these systems provide the flexibility and ...

This isn't science fiction - it's exactly what Skopje Bank's energy storage production aims to achieve in North Macedonia. As the world races toward net-zero targets, this Balkan nation is ...

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski.

We specialize in advanced photovoltaic energy storage solutions, providing high-efficiency battery cabinets designed for reliable, sustainable, and clean energy.
