

ISLAMABAD: Pakistan's off-grid and net-metered solar capacity has surged to 18,000 MW, creating challenges for grid stability as the government monitors the integration of renewable ...

Prices in Pakistan The price of the Jinko 580 Watt N Type Mono PERC Solar Panel in Pakistan varies depending on several factors, including the supplier, purchase volume, and any ...

A hybrid solar system combines solar generation, battery storage, and grid connectivity to provide reliable, continuous electricity for homes, offices, and industries. Unlike traditional on-grid ...

The solar panels capture sunlight and harness it into electricity through use of photovoltaic (PV) cells. Moreover, off-grid systems may include battery storage units to store excess ...

NADRA'S Policy for Change of Name National Database Registration Authority (NADRA) has issued the legal guidelines for the people, who are facing the issues in their names and they ...

Chinese EV giant BYD has made a significant mark on Pakistan's automotive market, selling over 2,000 cars within just six months. This strong start has solidified the company's plans for ...

The recently released QS World University Rankings for 2024 includes representation from 14 universities in Pakistan. Among the 1,500 universities worldwide, Quaid-i-Azam University (QAU) ...

Learn how to check the SIM owner name and CNIC in Pakistan using verified methods provided by PTA. Find out the owner details of any mobile number easily.

The sustainable standalone power systems of off-grid solar systems provide the best performance in locations where the national electricity grid fails to reach. ...

Atlas Honda launched the Honda CG125 2026 in Pakistan with three models: CG125, CG125S, and CG125S Gold. Check prices, features, and the new sticker 2026.

This study provides a techno-economic feasibility analysis of an off-grid hybrid renewable energy system for a rural village of district Kech, Balochistan, Pakistan.

The mobile solar container that is LZY-MS1 has turned out to be a product that is a strategic partner with Pakistan in combating energy poverty. The device can rapidly deploy and uses ...

What is "Off-Grid Solar" Off-grid = the system works independently of the national grid. Batteries store electricity, an inverter converts solar output into usable power, and panels generate ...

Pakistan's cricketers are getting ready for a big red-ball season. The National Cricket Academy (NCA) in Lahore is holding a 20-day training...

Our Product Off-Grid Solar Solutions in Pakistan Beat load-shedding and power remote sites with engineered off-grid solar systems that include high-efficiency panels, MPPT charge controllers, ...

How Commercial Off-Grid/Hybrid Solar Systems Work Recent advancements in solar power and battery technology have made off-grid and hybrid systems a more affordable and efficient ...
