

Expertly manufactured, Poweroad can deliver lithium-ion batteries designed to power a long list of applications, from daily activities to crucial power support/drop-in replacement and custom solutions too.

? We use Lithium Iron Phosphate batteries, which offer less energy density than other types of Lithium-ion batteries but are more chemically stable and not as susceptible to thermal overrun ...

After a year of product research and testing Poweroad have released their 2nd generation Lithium Ion powersports battery. The main difference compared to 1st generation is the cells are now pouch type ...

Spill-proof, deep-cycle backup batteries for light backup and renewable energy systems. Each battery is engineered for safety, durability, and efficiency -- with a strong focus on compact power delivery.

POWEROAD offers a variety of battery energy storage solutions, including lithium camping battery, residential lifepo4 battery, motorcycle starting battery, and off-grid storage batteries.

All these goodies make it one of the best 12 V 100 Ah lithium-ion phosphate battery packs. The Poweroad 100Ah Lithium (LiFePO4) Battery is a perfect combination of power and compact, ...

Especially designed for space-limited applications, PRHD-150 is a compact, high energy density lithium-ion phosphate batteries, equipped with UL1642 / IEC 626601 certified A-Grade LiFePO4 cells, and ...

All these goodies make it one of the best 12 V 100 Ah lithium-ion ...

? We use Lithium Iron Phosphate batteries, which offer less energy density than other types of Lithium-ion batteries but are more chemically stable and not as susceptible to thermal overrun that can cause ...

With an easy installation process, these batteries are a simple and convenient upgrade for any motorsport enthusiast. And with their superior performance, they provide maximum starting power ...

POWEROAD is a leading producer and innovator of lead acid batteries and lithium-ion batteries in China. Motivated by a passion for green energy, in 2015 we acquired a professional renewable ...
