

All the top recent events in solar thermal and photovoltaic market. The latest research, innovative technologies, industry trends and forecasts, financial news, large projects, governmental ...

The Major Solar Projects List is a database of all ground-mounted solar projects, 1 MW and above, that are either operating, under construction or under development.

SETO released a notice of funding opportunity for research, development, and demonstration projects that commercialize innovative solar PV technologies in crystalline silicon module, cadmium telluride ...

See the latest on Solar Power. From breaking news to in-depth reporting, Bloomberg tracks the full story in real time.

Join us at Solar Power World as we cover the world of solar news on technology, development and installation on a daily basis.

Explore the latest milestones in U.S. utility-scale solar projects, from Texas to Colorado, showcasing mega farms driving renewable energy growth.

Covering a wide array of topics--including solar power, wind energy, hydropower, energy storage solutions, and power grid advancements--this platform offers timely news articles, insightful ...

Developers added 12 gigawatts (GW) of new utility-scale solar electric generating capacity in the United States during the first half of 2025, and they plan to add another 21 GW in the ...

Solar energy projects across the U.S. are scaling up, with major developments in Maine and Massachusetts reshaping the energy landscape.

Latest solar power news from Europe, Latin America, Sub-Saharan Africa, APAC, MENA and more. Stay updated on solar PV, solar energy, policy & projects.
