

Sao tome and principe electric vehicle infrastructure

What is the Sao Tome & Principe concession project?

The concession project also includes the modernization of the current ports in Sao Tome and Principe. In March 2021, a \$1.3 billion concession project for the construction of a free trade zone in the south of Sao Tome was signed between the government and a Canadian investor.

How much money does Sao Tome need to build a free trade zone?

In March 2021, a \$1.3 billion concession project for the construction of a free trade zone in the south of Sao Tome was signed between the government and a Canadian investor. In 2019, the World Bank approved \$29 million to finance the repair of 27 kilometers of the main road linking São Tomé city and Neves on the northern coast of the island.

How has the European Union financed infrastructure projects in STP?

The European Union has financed some infrastructure projects in STP, including restoration of a national road, which serves the southern part of the island. This rehabilitation renewed about 50 kilometers of the road and several bridges.

Does STP have a plan to repair roads in China?

Under a 2017 Chinese \$146 million framework agreement for infrastructure cooperation, STP launched a project for the repair of more than 20 kilometers of roads. The project also includes the rehabilitation of drainage and sewer systems. However, this plan has yielded little visible progress.
