

Description Additional information The starter kit includes the following: 1 x Sunsynk 5kw Hybrid Inverter 1 x Sunsynk Battery LFP Wall Mount 5.12kWh 51.2V IP65 2 x Battery Connectors 2 X 1m 25mm ...

The Sunsynk 5kW ECCO Hybrid System combines efficiency, reliability, and ...

The Sunsynk 5kW Hybrid Inverter supports a maximum battery charge/discharge current of 120A DC, enabling fast charging and high-output backup power. This makes it ideal for pairing with modern ...

The Sunsynk Hybrid 5kW Inverter supports 48V lithium and lead-acid batteries, enabling flexible energy storage configurations. The intelligent battery management system (BMS) optimizes charging and ...

This Battery Compatibility document is applied to all Sunsynk Hybrid Inverters, including three-phase, standard single-phase, rack-mounted single-phase, and the Lifelynk.

As a general guideline, a single 5 kW battery would typically have a charge/discharge of 50 A, while two or more would have a charge/discharge of 40 A per battery (2 = 80 A, 3 = 120 A).

Overview: This powerful hybrid energy solution from Sunsynk combines the 5kW Hybrid Parity Inverter with a 5.12kWh Lithium Iron Phosphate (LiFePO₄) Battery, designed for high-efficiency energy ...

The SunSynk 5kW AC ECCO 6.5kWp Inverter is the next generation of super hybrid inverter with a 6500W MPPT and a rated AC output of 5kW resulting in a system that can generate sufficient energy ...

Sunsynk Connect Remote monitoring & control on your smartphone, computer or tablet. Take full control of your energy usage and reduce your reliance on traditional energy sources, from anywhere in the ...

The Sunsynk 5kW ECCO Hybrid System combines efficiency, reliability, and intelligence in a compact package. Its dual MPPT design, scalable battery options, and smart app integration make it ideal for ...

The Sunsynk 5kW ECCO hybrid Inverter is the ideal inverter for managing power flow from multiple sources such as solar, the national grid, generator, or even a wind turbine!
