

Break free from grid dependency with our comprehensive off-grid solar solutions. Perfect for remote locations, backup power, and complete energy independence across the UAE.

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, industrial, and renewable ...

The EK photovoltaic micro-station energy storage cabinet has redefined the power supply mode of distributed energy scenarios with its core advantages of &quot;intelligent integration, multi-energy coordination, reliability and ...

We are experts in the design and installation of solar panels, battery storage and electric car charging systems and have a proven track record for delivering green energy results for businesses looking for bespoke low ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle life (up to 6000 ...

Standalone solar system provides a residential or a business owner with a reliable supply of power during the daytime that can be stored in battery banks or combined with existing diesel generators.

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage system. The ...

Equipped with state-of-the-art liquid cooling technology at the pack level and temperature balancing at the cell level, this system ensures exceptional temperature consistency, maintaining a temperature difference of less ...

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

Relying on our overseas warehouse in Dubai, United Arab Emirates, we have launched high-temperature environment adaptive and high-performance energy storage systems for the Middle East market, meeting the ...
