

Wellington Management is one of the world's leading independent asset managers. Since our foundation in 1928, we have expanded from our headquarters in Boston to the main international and Asian financial ...

Its broad portfolio includes electrical, mechanical, connectivity, and liquid cooling technologies that support flexible engineering, resilient supply chains, and accelerated deployment. We offer more than the products to ...

Herbert Smith Freehills Kramer (HSF Kramer) has advised a syndicate of lenders on the project financing of AMPYR Australia's 300MW/600MWh Wellington Battery Energy Storage System (BESS), ...

In conclusion, as Fluence embarks on this landmark project with AMPYR Australia, it not only sets a precedent for future battery storage initiatives but also demonstrates the potential for operational ...

The company has a broad range of cooling solutions, including liquid cooling to enable higher chilled water, supply air and secondary inlet temperatures that can maximise the efficiency of data centre ...

Modern C& I (Commercial & Industrial) energy storage solutions now act like Swiss Army knives - cutting costs, boosting resilience, and even earning cash through grid services.

In operation, the project will be one of the largest battery storage projects in NSW and will contribute to the overall storage capacity and reliability of the National Electricity Market (NEM).

Located in Warrendale, PA, Wellington Energy has performed and completed over 18 million utility services as well as completing over 100,200 maintenance/repair functions.

The 215 kWh Liquid Cooling Commercial Energy Storage System by TYCORUN features advanced liquid cooling for efficient heat dissipation, enhancing performance and ...

ESS was established in 2011 with a mission to accelerate decarbonization safely and sustainably through longer lasting energy storage. Using easy-to-source iron, salt, and water, ESS' iron flow technology enables ...
